

## **Class 5334 (189)**

### **Convened 24 Aug.1953. Graduated 30 Nov.1953**

The following Class ID received from Lawrence E. Erickson 18 Oct. 1991. The Rows are listed as indicated on the sheet sent. The CS number follows each name but the next billet assignment has been dropped from this file. First Names on Original CS.

The Row count is awkward! Two setting Marines is called Row 1. Front standing ID shows 11 sailors but there are only 10 in the front standing row. The 11th sailor is a step back on Row 3 and there is a correct count of 11 that row. There is a correct count of 11 on Row 4 also. but Row 5 shows ID of 9 and the man at end of Row 5 is or has to be counted as 11 on Row 4 vice 10 on row 5.
