**Note: IRT my letter of 5 May 1993, Keith Hall sent ID which was received 22 Aug.
1998. Hall writes "I was the only one from this class to remain USN. The class
started with approximately 35 students. This class was the beginning of the so
called anti-Navy establishment. The first 12 guys were super intelligent (140 to 150
combined GCT & ARI). I hated the "A" School establishment. If it had not been
for AG1 Mel Harder (Ret. CWO4) (an individual that I can't say enough good
about), encouraging me along, I would have dropped out & become a plane
pusher on some CVA. I never got set back (should have, would have been better
for me). What happened to AGAA Cummins, a "black Guy" & AGAA
Simpson? Thought both of them graduated with us?? SSgt Minnis was the
Assistant Chief. The only person I kept in contact with was Bill Schwindt, 323 El
